# Frequently Asked Questions

## *How Many weddings or events are booked in one day?*

Your date will be reserved exclusively for your wedding and reception or private event.

## *What is the average wedding size at your venue?*

We host weddings of all sizes. Our most common guest count is around 125.

## *How long to we have to set up and clean up after our wedding ceremony and reception?*

Vendor set up can begin as early as 12pm the day of your event.

Ceremony chair set-up & tear down is done by your caterer or coordination staff. Mountain & Vine will ensure all tables and chairs are at the event area and ready to be set in place by your vendors. All decorations and florals must be set and taken down by you or one of your approved vendors.

Reception space set-up, clean up, and trash removal is done typically by catering staff; be sure to discuss this with your vendors. After receiving your event room floor plan, Mountain & Vine staff will make sure the needed number of tables and chairs are in the event space ready for final set up and arrangement by your catering staff and event coordinator.

## *How many hours of access do we get the venue?*

This will depend on your rental agreement.

Wedding rentals include 12 hours of access from 12pm-12am. All wedding events must end by 11pm, but vendors can stay until 12am to clean. We do offer extended hours for an additional fees.

Private events range from 5-8 hours of rental time. With a 5-hour rental, you have 3 hours of active rental time where event guests can be on property, 1-hour of clean up, and 1-hour of set up. # Frequently Asked Questions

## *Can I choose my own caterer?*

You are welcome to select your own licensed and insured caterer! We require they offer “full service” staffing for event set up, service, and clean up as you will be responsible for reception set up and clean up.

**\*\*Please note that we do allow pre-packaged and cold foods at private events that do not require heating elements for service without the presence of a caterer.**

## *Is there a required vendor list or can we choose our own?*

We have a list of amazing vendors who we have worked with in the past, and we are happy to share it with you! However, we are also happy to work with any vendors of your choosing, as long as they are licensed and insured.

## *Can you accommodate a live band or DJ?*

Yes, we can accommodate a DJ or live band. Please note, we do not offer a separate room or dressing area for bands. However, they are welcome to relax in our Tasting Room between sets/during breaks.

## *Are there any noise restrictions?*

Nelson County does not impose noise restrictions; however, we do ask that you respect the families and farms in the area.

## *Are there outlets by the ceremony site or pond?*

There are no outlets at the ceremony site or pond area. All musicians, DJs, officiants, etc., must use battery operated equipment in these areas.

## *Do you have a sound system with speakers or does that need to be rented separately?*

Your professional band or DJ will have their own preferred sound system. Music played outdoors requires a battery-operated sound/amplification system.

## *Is there a dance floor and how big is it?*

The event space is 4,000 square feet and can accommodate a very large dance floor. Most floorplans have a 20' x 20' dance floor listed, but it can be larger or smaller, depending on your choice of room set up. Your event coordinator can help you with your floor plan. An outdoor dance floor must be rented separately through a third-party vendor.

Many areas of our venue can be easily navigated by those with mobility restrictions. Guests that require handicap accessibility can choose to drive to the wedding ceremony site. There is a parking lot available at the hilltop. The event hall space can be accessed by wheelchair through the tasting room. Restrooms are wheelchair accessible.

# Frequently Asked Questions

## *Are there any decor restrictions?*

You may use any décor of your choosing, as long as it is not installed in such a way as to damage our walls, floors, or other surfaces.

Use of nails, tacks or staples to secure decor items is strictly prohibited. Only professional, licensed, and insured vendors are permitted to hang any additional decor/decorative lighting with prior approval from our facility coordinator.

Flower petals, dried flowers, bubbles, and sparklers are all permitted. There are no restrictions on the length of sparklers used. However, we require used sparklers to be collected in a metal bucket filled with water after use by your wedding coordinator or a responsible designated person. All used sparklers must be disposed of by the couple at the end of your event.

Throwing of confetti or glitter of any kind (including biodegradable) is not permitted.

We do not allow lighted “wish” lanterns.

## *Is there an onsite facilities coordinator? What services do they provide?*

The facility coordinator is there to make sure the venue and the things included with the venue are ready for your event (i.e. tables and chairs). There are no additional charges for the services of your facility coordinator. The facility coordinator is onsite for the duration of your event but will not act as a wedding or day of coordinator. The facility coordinator will also help throughout the coordination process to answer any questions about the venue or venue policies.

## *Is there outdoor lighting by the pond for night events?*

Mountain & Vine does not provide outdoor lighting by the pond for nighttime outdoor private events or weddings. We would be happy to put you in contact with excellent licensed and insured vendors who would be able to install and provide additional lighting in this space for your event.
